## LIVING THEATRE IN GERMANY: ANTIGONE AND THE FUZZ

[illegible]

The first of these is the fact that the
   
 government has been unable to
   
 maintain a consistent policy
   
 towards the press. In the past,
   
 the government has often
   
 been accused of censorship,
   
 and this has led to a
   
 general feeling of
   
 distrust among the
   
 public. This is a
   
 serious problem, and
   
 it is one that the
   
 government must
   
 address if it is to
   
 maintain its
   
 credibility.

A 20-year-old female patient (case 1) arrived in the emergency department with severe, acute, bilateral conjunctivitis. The conjunctivitis began 2 days before admission and was associated with severe pain and photophobia. The patient had no history of trauma, contact lens use, or recent travel. She had no other symptoms, including fever, cough, or sore throat. The patient was treated with topical antibiotics and anti-inflammatory agents. The conjunctivitis resolved within 7 days.

an efficient way of doing business, it is to have a good working relationship with the customer. The customer is the lifeblood of the business, and the business must be able to serve the customer's needs. The business must be able to provide the customer with the products and services that the customer wants, and the business must be able to do so in a timely and efficient manner. The business must be able to provide the customer with the products and services that the customer wants, and the business must be able to do so in a timely and efficient manner.

—James. The picture really has been transformed into something more... (The picture is now a black and white photograph of a man in a suit, looking down at a book or document in his hands. The man is identified as James.)
